

IMPACT REPORT 2021

he  
has  
done  
great  
things

# thank you.

**"The LORD has done great things for us, and we are filled with joy."** Psalm 126:3

We give thanks to God for your faithful partnership. Even amid the suffering and uncertainty brought on by a worldwide pandemic, your generosity continued to come alongside children with disabilities to provide life-changing surgical care and the love of Jesus. By God's grace, our hospital doors remained open, and He drew the hearts of people to Himself, with many kids and their caregivers responding to the Gospel.

**With your support,** more than 9,400 surgeries were conducted, and 11,834 decisions made for Christ! We invite you to read through the pages that follow and give thanks to God for how He has used you to impact the lives of the most vulnerable.

# CURE Ethiopia

FY  
21

## YOUR IMPACT

- Trained 40 pastors in the region of Hawassa to identify and minister to the families of children with disabilities.
- In partnership with Oxford University, we developed a training course to equip doctors across the country how to effectively treat clubfoot.
- Installed a generator/electrical upgrade, eliminating power losses and work interruptions.

FY  
22

## LOOKING AHEAD

To respond to the growing need and increase surgical capacity, CURE Ethiopia is developing plans to construct a new surgical center.

To learn more about our hospital in Ethiopia or to donate, visit [cureinternational.ca/ethiopia](https://cureinternational.ca/ethiopia)

### DID YOU KNOW?

In Ethiopia, there are less than two orthopedic surgeons for every one million people.

**SINCE 2008:**  
**CURE Ethiopia**  
**Children's Hospital**  
Addis Ababa, Ethiopia

“I got my leg treated and met wonderful people. I have many fond memories of CURE, especially of the games we played and the songs we sang.”

– DEMKE

**3,204**  
people reached

**453**  
decisions for Christ

**10,464**  
patient visits

**2,355**

# CURE Kenya

FY  
21

## YOUR IMPACT

- Established a partnership with Mission Aviation Fellowship to fly patients from rural parts of the country to the hospital, helping us treat the most vulnerable.
- Opened the expanded Children's Ward and ICU on December 3, 2020, which included an official visit from Kenya Deputy President William Ruto.
- Expanded capacity to serve more children by increasing the children's ward from 32 to 47 beds.

FY  
22

## LOOKING AHEAD

Later this year, a solar panel installation project will begin, which will improve electrical stability and decrease overall operating expenses.

# CURE Malawi

FY  
21

## YOUR IMPACT

- Identified more than 300 future patients for upcoming surgeries with mobile clinic outreaches in the Mangochi region. In addition, the ministry team shared the gospel with 2,045 people, with 331 expressing their faith in Christ.
- Developed hospital staff and improved quality of care through on-the-job training, coaching, and mentoring initiatives.
- In August, Dr. Jean Claude arrived at CURE Malawi to begin operating and to serve as our Head of Orthopedic Surgeons.

FY  
22

## LOOKING AHEAD

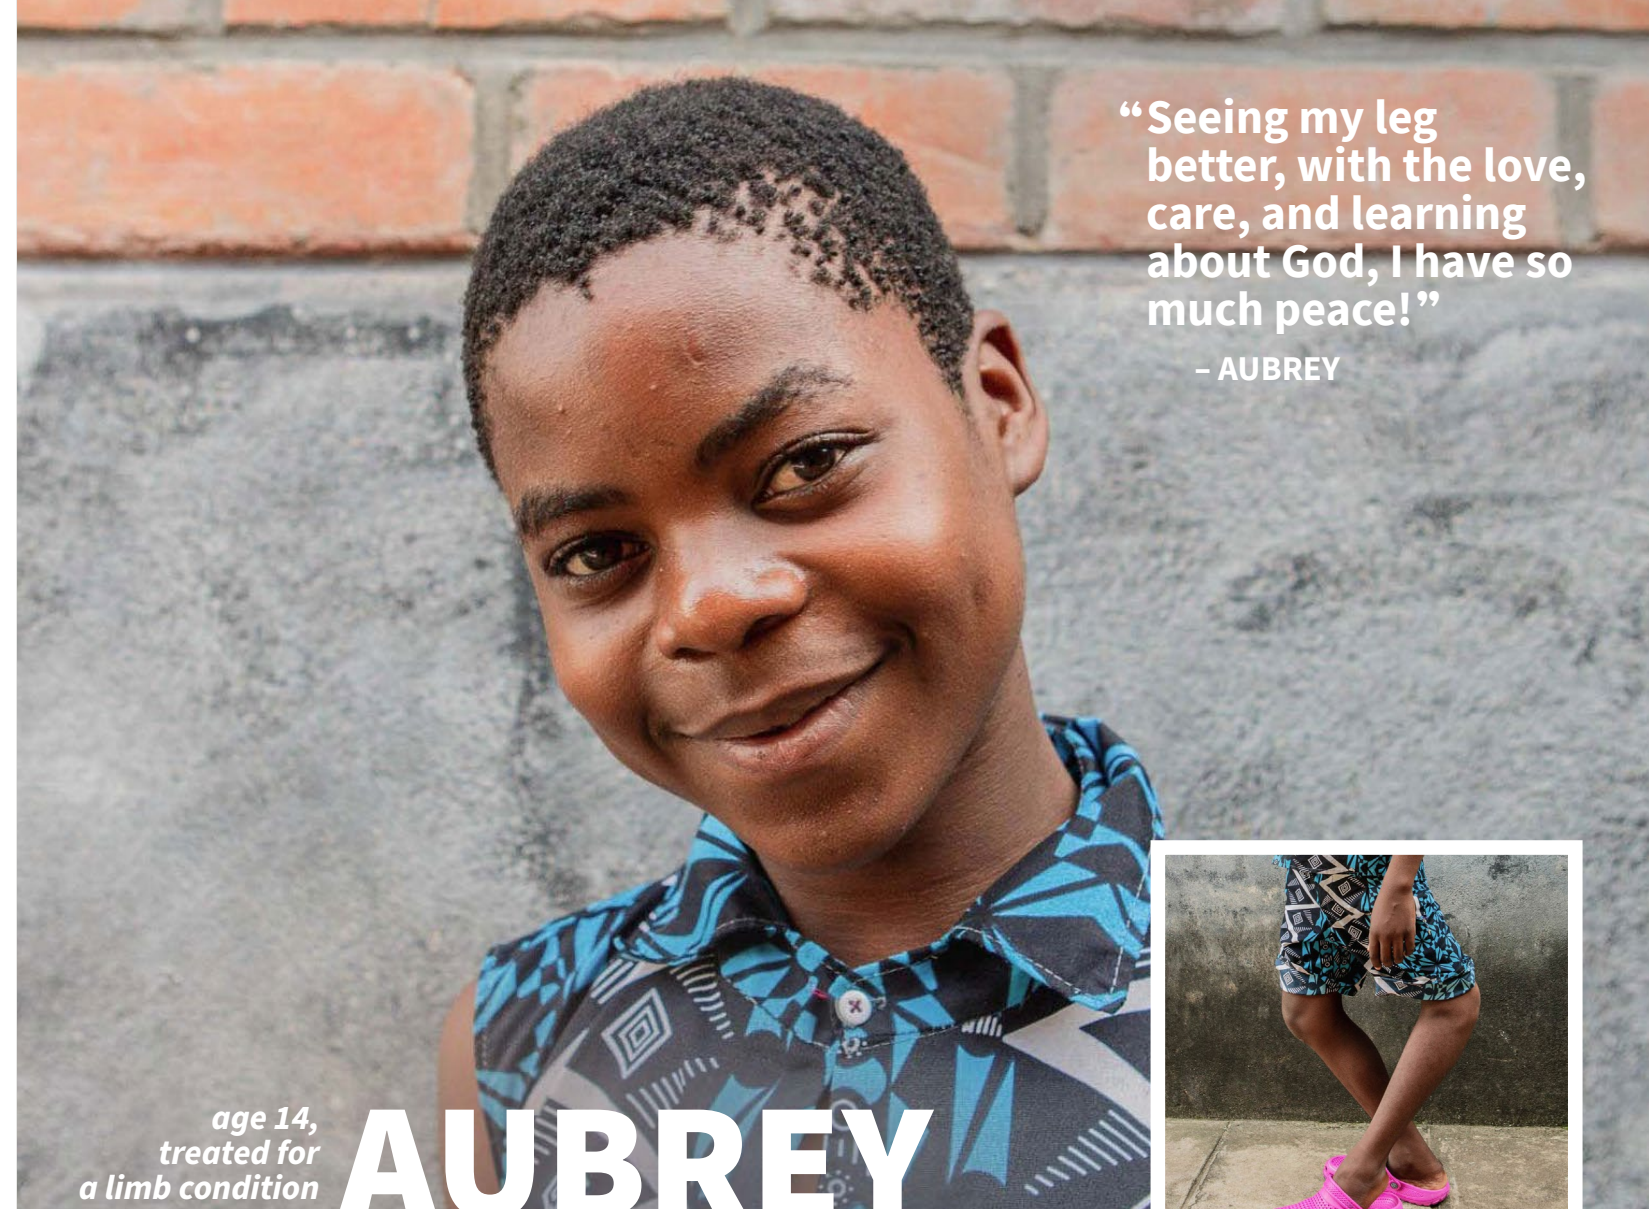

To increase hospital capacity, Malawi is in the planning stages for construction of a new surgical center fully funded by Canadian donors.

To learn more about our hospital in Malawi or to donate, visit [cureinternational.ca/malawi](https://cureinternational.ca/malawi)

### DID YOU KNOW?

CURE Malawi is one out of only three pediatric hospitals in the country.

“Seeing my leg better, with the love, care, and learning about God, I have so much peace!”

# CURE Niger

FY  
21

## YOUR IMPACT

- Hired two orthopedic surgeons and a nurse manager, positioning CURE Niger to serve the most children in its history.
- Trained CURE advocates to raise awareness in strategic neighborhoods and increase the number of vulnerable children identified for surgery.
- Expanded COVID safety measures through extra wash stations and personal protection equipment.

FY  
22

## LOOKING AHEAD

Several key projects are underway, including a new surgical center to increase the number of kids treated, and a kitchen renovation project to provide healthy food for patients, caregivers, and staff.

# CURE Philippines

FY  
21

## YOUR IMPACT

- Developed partnerships with 19 pastors in northern Davao City to help identify new patients and further CURE's ministry in rural communities.
- Welcomed Peter Cowles as the hospital's new Executive Director, whose previous experience in the region will help raise awareness for CURE Philippines.
- Expanded partnership with Seeds of Dignity to provide housing needs for patients in Davao City.

FY  
22

## LOOKING AHEAD

Two orthopedic surgeons will be joining the CURE Philippines medical team in the fall, increasing the hospital's capacity to treat more conditions like clubfoot, bowed legs, and other bone conditions.

To learn more about our hospital in the Philippines or to donate, visit [cureinternational.ca/philippines](https://cureinternational.ca/philippines)

### DID YOU KNOW?

CURE estimates there are two million children living with treatable disabilities in the Philippines.

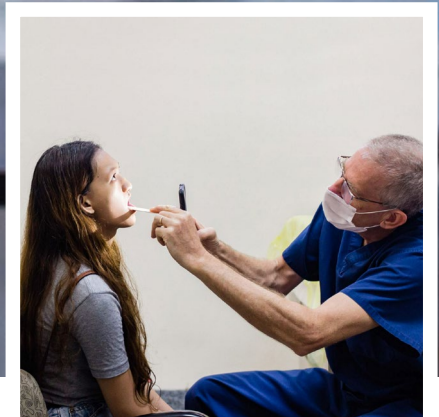

**SINCE 2014:**  
**Tebow CURE Hospital**  
Davao City, Philippines

# CURE Uganda

FY  
21

## YOUR IMPACT

- Completed the children's ward renovation project and reopened it on March 11, 2021, increasing bed space by 30%. Fully Canadian funded.
- Dedicated the newly constructed chapel on October 2, 2020. A hospital-wide ceremony included worship by the CURE Uganda choir.
- Began construction of the new intensive care unit (ICU), which will increase the number of patients treated in the ICU by 90%. Fully Canadian funded.

FY  
22

## LOOKING AHEAD

In addition to the construction of the new ICU, a third operating room is being developed to help respond to the increase in patients.

To learn more about our hospital in Uganda or to donate, visit [cureinternational.ca/uganda](https://cureinternational.ca/uganda)

### DID YOU KNOW?

In Uganda, every year nearly 5,000 children are born with the life-threatening condition hydrocephalus.

**SINCE 2000:**  
**CURE Children's  
Hospital of Uganda**  
Mbale, Uganda

"I am so encouraged that there are people out there who are loving and praying for me and my little baby."

ZIMBABWE

**SINCE 2006:**  
**Beit CURE Hospital**  
**of Zambia**  
Lusaka, Zambia

# CURE Zambia

FY  
21

## YOUR IMPACT

- Upgraded the hospital's water system, which will ensure that safe, clean water is available to children, staff, and caretakers.
- Distributed audio Bibles and other ministry tools in care packages to patients and their caregivers, equipping them to share the good news of Jesus in their villages.
- Welcomed a new hospital Executive Director, Frida Kabaso, in August 2020.

FY  
22

## LOOKING AHEAD

Later this year, a solar panel construction project will begin, which will improve electrical stability and decrease overall operating expenses.

To learn more about our hospital in Zambia or to donate, visit [cureinternational.ca/zambia](https://cureinternational.ca/zambia)

### DID YOU KNOW?

It is estimated that one out of two people in Zambia are living in poverty.

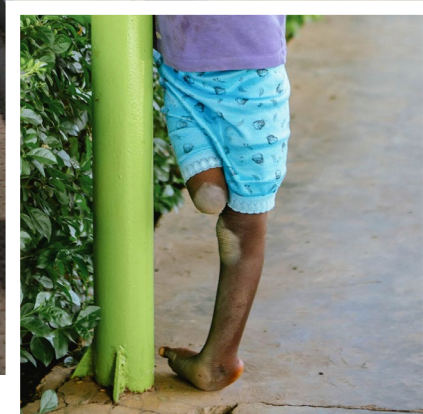

age 7,  
treated for  
clubfoot & fitted  
for prosthetic leg

# LOVENESS

**“I’m excited that my child is able to walk because of the services that CURE Zambia has provided.”**

# CURE Zimbabwe

NEW HOSPITAL!

FY  
21

## YOUR IMPACT

On May 14, 2021, the CURE Children's Hospital of Zimbabwe opened its doors as the first and only hospital in the country providing life-changing surgical care to vulnerable children living with physical disabilities. The opening celebration was attended by the President of the Republic of Zimbabwe, Dr. E.D. Mnangagwa.

FY  
22

## LOOKING AHEAD

Over the next year, the new hospital teams will increase efficiency as they get to know each other and collaborate. In addition, a second orthopedic surgeon and anesthetist will join the hospital.

To learn more about our hospital in Zimbabwe or to donate, visit [cureinternational.ca/zimbabwe](https://cureinternational.ca/zimbabwe)

### DID YOU KNOW?

Of the people living with a disability in Zimbabwe, 53% became disabled before the age of 20.

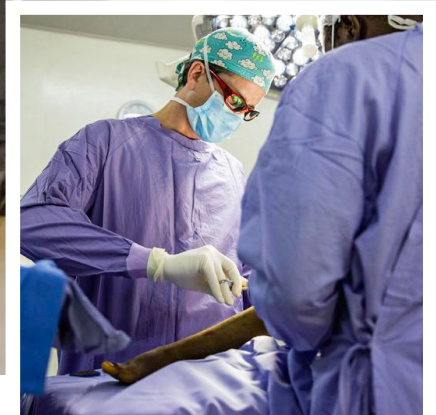

“This is the first time we have found proper answers to her condition.”

– BERTHA  
KIMBERLY'S MOM

age 7,  
treated for a  
joint condition

# KIMBERLY

“The people around the world who support our ministry will transform lives and improve the future of this beautiful country for generations to come.”

– Dr. Richard Gardner, CURE Chief Medical Officer

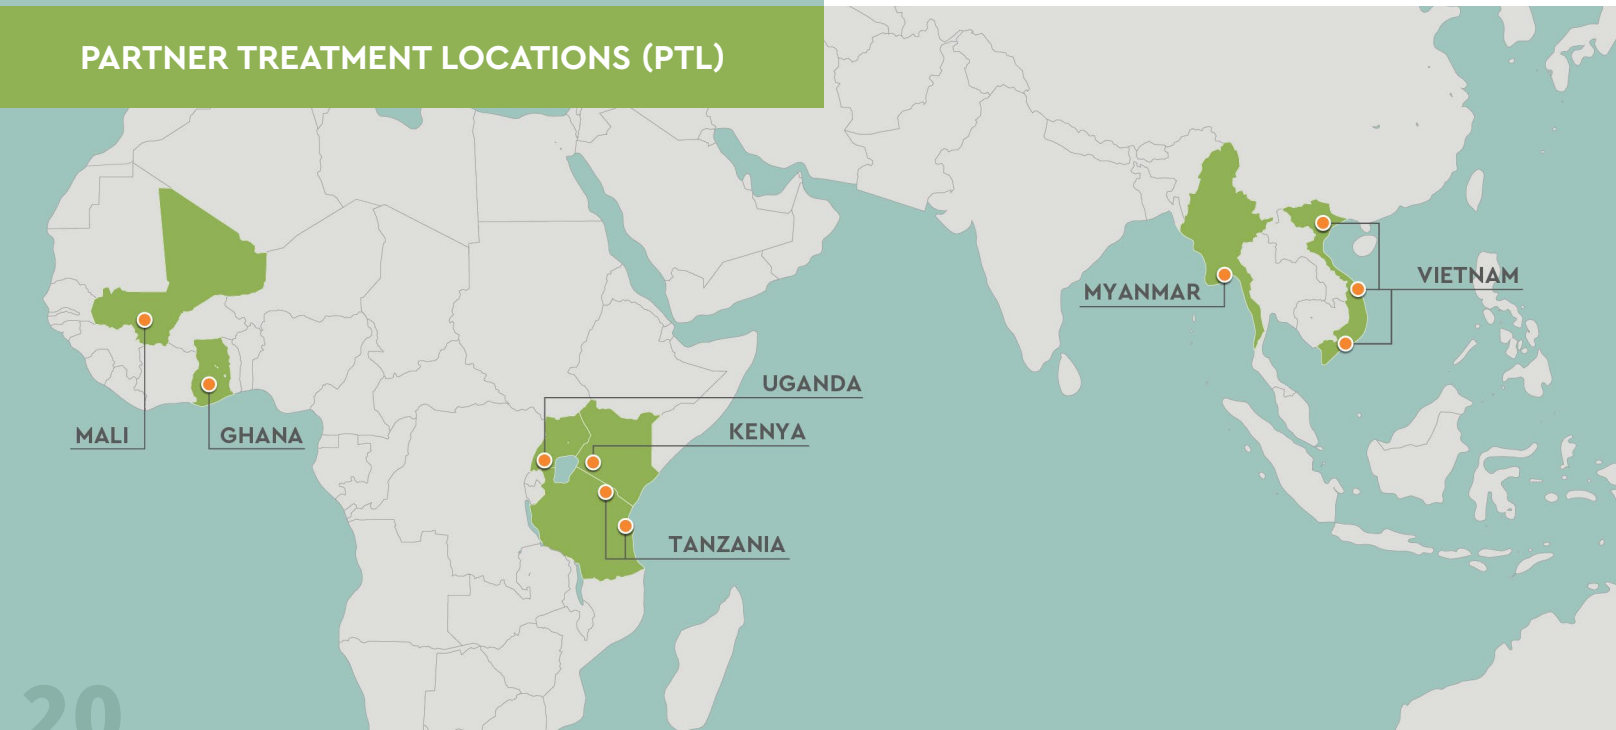

CURE is a worldwide leader in treating children with the life-threatening conditions of hydrocephalus and spina bifida. In addition to performing thousands of surgeries, the CURE Neuro training center at CURE Uganda equips surgeons from around the globe who return to conduct surgeries at Partner Treatment Locations (PTL).

## PARTNER TREATMENT LOCATIONS (PTL)

74,225 PATIENT VISITS

11,834 DECISIONS FOR CHRIST

9,414 PROCEDURES

OUR MISSION: HEAL THE SICK & PROCLAIM THE KINGDOM OF GOD (LUKE 9:2)

# great things ahead.

Through your generosity, God has done great things! Children can walk, play, go to school again, and meet a new friend in Jesus!

Even as we rejoice at their stories of healing, CURE estimates **there are still more than 9 million kids with treatable disabilities living in the countries where CURE operates a children's hospital.** For many of them, their only hope for treatment is a CURE Children's Hospital.

We invite you to join us once again in responding to God's call to heal the sick and proclaim the kingdom of God. **Your generosity creates new stories of healing, and of newfound faith in Christ.**

Thank you for the love you have for the most vulnerable. They are near and dear to the heart of God!

**Help us make an impact this year.** Please donate by going to [cureinternational.ca/donate](https://cureinternational.ca/donate)

*The numbers and statistics cited throughout this report reflect CURE's  
Fiscal Year (FY21), which ran from July 1, 2020 to June 30, 2021.*
